

Solid Edge ST8 delivers innovative and intuitive 3D modeling capabilities that let you focus on the design process, not the software. New 3D modeling capabilities allow you to create and edit models from any design system, including SolidWorks, Pro/ENGINEER, CATIA, UG, Autodesk Inventor, Solid Edge, Siemens NX and many more. The main advantages of Solid Edge ST8: Full platform compatibility from SolidWorks to Pro/Engineer and CATIA Intuitive CAD-centric workflows Integrated design and manufacturing capabilities Flexibility in working with data and integration with systems
