I appreciate the review of CC, but I am surprised they haven't mentioned Google+ integration. Love the review. I am a photographer and I use Lightroom as my backup and editing platform. I am a big fan of the updates to Lightroom. I hope there are more if it's only "polishing" and refining the program and not changes that are meant to encourage a DOWD roundup of Photoshop, Lightroom, most use Avid, others have Premiere or Marlin. I have always been loyal to Lightroom and am looking forward to the all in one CC upgrade.
